OFFICE OF THE CITY HEALTH OFFICER

September 18, 2017

**WINNIE E. BATOON, Ed.D.**

Officer-in-charge  
Office of the City Schools Division Superintendent  
Digos City, Davao del Sur

Dear Sir:

A multi-sectoral approach has been considered effective in addressing issues of public health concern particularly Dengue which is now endemic in our City. For years we have been battling on how to contain it from spreading into an outbreak, hence a regular monitoring and update of strategies have to be initiated to limit the extensive ill effects of Dengue infection towards various sectors of the community particularly the school children where the common high percentage of affected population has been observed.

In line with this, may we invite the presence of our **City Schools Division Doctor May Pearl E. Chong, RN., MD., the City Schools Division Nurse/s together with the Clinic Teachers of the following Elementary Schools and one (1) secondary Nurse to wit;**

1. Don Mariano Marcos Elementary School
2. Ramon Magsaysay Central Elementary Schools
3. Digos City Central Elementary School
4. Aplaya Elementary School
5. San Miguel Elementary School
6. Pedro Basalan Elementary School- Tres de Mayo
7. Digos City National High School

to attend the ***Dengue consultative meeting, updates and planning*** on **September 26, 2017**. The venue shall be held at 4<sup>th</sup> floor of **Hotel de Crisbelle**, this City. Registration shall start at 8:00 o'clock in the morning.

We believe that a unified multi-sectoral participation creates great impact on preserving health and wellness of the people in our community. Thus, we are counting your heartfelt support through your presence as well as the persons and other sectors involved to make this purpose a fruitful one.

Thank you very much

Sincerely yours,

  
**MILAGROS R. SUNGA, MD**  
City Health Officer II
