1. The Division Education Development Plan (DEDP) 2018-2022 is an effort of the Schools Division
   of Digos City to address the prevalent educational gaps and needs to fully implement the K to 12
   Program. This plan is focused in providing learners with better access to quality and relevant basic
   education and improving the delivery of basic education services. This then serves as the
   cornerstone upon which the Division shall contribute to the fulfillment of Ambisyon Natin 2040, a
   long term vision and aspirations of the Filipino people, of the Digosenios, and of the country in the

   direction and technical inputs to the management of the schools division towards efficient and
   effective governance and operation of the schools in collaboration with the Curriculum
   Implementation Division (CID).

3. With so many individuals and partners involved in the school communities, the Schools Division
   Office wants to be more strategically creative in learning how the schools perform in terms of
   implementing said thrusts and initiatives. More so, this is a way of gathering feedback from the
   school heads and teachers on the various implementation processes through interviews, on-site
   dialogues, and focus group discussions on the strengths and improvements areas, so that
   appropriate inputs and interventions will be provided.

   required to be on their posts for the sharing of different site visit interactions, processes, and
   appreciation accomplishments in the programs and projects implementation at the school level.
