Dear Regional Director Fetalvero,

Yuletide greetings from the Development Academy of the Philippines (DAP)!

As 2019 draws to a close, we would like to convey our profound gratitude for the immeasurable support that you have extended to the Academy’s various programs so far.

In particular, with much help from you, the Public Management Development Program (PMDP), or the National Government’s Career Executive Service Development Program, achieved its milestone of a thousand scholars after only seven years!

The good news is that the present administration continues to provide resources to strengthen the capability of our civilian forces. This early, we would like to solicit nominations for the next Middle Managers Class (MMC) opening on February 21, 2020.

To qualify, nominees from your agency must hold permanent positions and are designated as Section or Division Chiefs with Salary Grade 18 to 24 and must not be older than 50 years old. OICs of such positions with the required SG for at least a year are also eligible to be nominated.

PMDP consists of a Residential Training which runs for about five (5) months at the DAP Conference Center, Tagaytay City with monthly one-week breaks and the Capstone Project Phase which is mostly done for six (6) months in your agency.

We ardently hope that you will seize this program of the national government. Please send your high-performing and high-potential employees who are being groomed for managerial/leadership posts as part of your agency’s succession plan. Successful nominees will have the distinct privilege of being mentored by luminaries in government, the academe and private sector and earn academic equivalencies towards a Master in Development Management degree.

For further inquiries, you may get in touch with the PMDP Program Manager for Recruitment and Admissions, Ms. Milette F. Young, at (02) 8-631-0921 local 127 or at (02) 8-631-2128.

Thank you and we look forward to receiving your nomination soon.

Very truly yours,

NANETTE C. CAPARROS
Managing Director, PMDP
