APEC LEARNING COMMUNITY BUILDERS (ALCoB) Internet Volunteers (AIV) Program on ICT and e-Learning Training

26-31 July 2018
San Francisco High School, Quezon City

Concept Note

Introduction of Need for ALCoB Internet Volunteers (AIV)

The Philippines is no different from other countries in terms of its needs to raise its concerns and initiatives regarding the use of technology and its integration. Students, teachers and school administrators/heads must have enough capacity and appreciation of the benefits of ICT through proper training. Philippines recognizes the importance and impact of APEC projects.

ALCoB Internet Volunteers (AIV) as an official APEC project that contributes to narrow the digital divide in the APEC region by sharing Korea's experience and know-how on ICT and e-Learning education is an important avenue for Philippines to improve on the use and integration of technology. Through the experts and teachers dispatched annually to APEC economies under the APEC Learning Community for Shared Prosperity (ALCom) by the Institute of APEC Collaborative Education (IACE), APEC has helped a lot of schools and students

With the ALCom program, Philippine students, teachers, and school heads will benefit a lot through (1) consultation on education system and policy and (2) ICT training courses for Philippine teachers, principals, administrators and other interested personnel. This proposed program is divided into two levels or groups (1) students and teachers, and (2) teachers and school heads.

Key objectives

Its overarching objective is to share an inter-regional comparative perspective on usage and impact of ICT in the school curriculum and capacity building of participants. More specifically, it aims to:

- i. Promote competencies of teachers and school heads on integration of ICT in teaching to address the diverse needs of local education context;
- ii. Present and discuss guidelines for the design and practice of classroom teaching and management grounded on ICT integration;
- iii. Seek further cooperation between IACE and the participating economy on future programs.

Training Outline and Target Participants

AIV proceeds in two types that are: (1) ICT Training and Exchanging (for students and teachers) and (2) ICT Training and Consulting (for teachers and school heads).

Types	Subject	Contents	Participants	Delegates
Type 1	ICT Training & Exchange	- Training updated teaching & learning methods using ICT in a class - Sharing the best practices of Korea examples - Cultural activity	Senior High School and University Teachers	Teachers & experts
Type 2	ICT Training & Consulting	- Training updated teaching & learning methods using ICT in a class - Training on development & integration of ICT to public, private education	Teachers School Heads Government officials	Experts (Professors, Businessmen, Web Developer, etc.)

Date & Venue

The workshop is to be held from 26 - 30 July 2018 at San Francisco High School, Quezon City
