Sir/Madam:

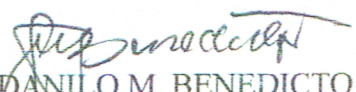

We are requesting your good office for a permission to visit your respective districts and schools both public and private and to conduct a survey to all parents of your students as part of our propagation of the **General Educational Development Program**.

This program is a system of basic education developed by top educators all over America to develop among the students the skills in **Mathematics, Science** and the **English Language** (grammar, reading, writing and speaking). This is a **Home Study Program** in which **Higher Order Thinking Skills (HOTS)** such as **Comprehension, Analysis, Evaluation** and **Application** are taught that leads the students to develop among themselves **Critical Thinking Skills** which is the essential component of a **World Class Education**.

Rest assured that classes will not be disrupted.

Thank you very much and more power.

Respectfully yours,

DANILO M. BENEDICTO
GED Consultant
