SCHOOLS DIVISION OF DIGOS CITY
Digos City

Division Advisory No. 131, s. 2018
September 24, 2018

To: Public Schools District Supervisors
School Principals/Officers-in-Charge/Administrators
Public Elementary and Secondary Schools

Science Magic Philippines

1. Attached is the letter of **Mark Vicente G. Java**, Vice President for External Affairs, Street Magic Club of Iloilo, requesting permission to show the Magic of Science in selected elementary and secondary schools in Digos City.
2. This Office interposes no objection to the showing of the Magic of Science in schools in Digos City provided that necessary arrangements have been made with the schools involved.
3. It is informed that the participation of the students and teachers in both public and private schools shall be subject to the no-disruption-of-classes policy as stipulated in the DepEd Order No. 9, s. 2015, entitled "Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith."
4. The participation of the public school teachers and students shall be voluntary and no DepED funds shall be utilized in their attendance.
5. For your information and wide dissemination.

WINNIE E. BATON, Ed. D.
Officer-in-Charge
Office of the Schools Division Superintendent

For and in the absence of the
Schools Division Superintendent

SCIENCE MAGIC PHILIPPINES

223 Villa Lizares Subd., Jaro, Iloilo City Tel. No. 3206870 / 09183290195

Winnie E. Batoon, Ed.D
OIC- Office of the Schools Division Superintendent
Digos City,
Davao del Sur

Dear Dr. Batoon,

Greetings!

Science Magic, Philippines (SCIMAGPHIL) is an initiative to revolutionize science education by encouraging critical thinking using creative and strategic motivation. SCIMAGPHIL is the producer of the educational entertainment show, The Magic of Science.

The Magic of Science

Magic has fascinated audiences since time immemorial. It has stirred the imagination of children and adults alike. Most of the magic we see can be associated with basic principles of Physics and Chemistry, but are creatively wrapped in a cloak of mystery. The Magic of Science is not a lecture that will reveal the secrets of magic. It is a Magic Show that will help children to understand basic science concepts thru visual representation. It will strengthen children's belief that science is the driving force acting upon everything around them.

The show will also feature little known trivia about inventors and inventions, the scientific processes, the natural world, Physics and Chemistry.

In connection with this, we are requesting your good office to allow the showing of the Magic of Science in selected public elementary and high schools here in Digos City Division.

We guarantee the show's educational and entertainment value. We have been to more than 500 shows all over Western and Central Visayas, covering Divisions of Aklan, Antique, Negros Occidental, Iloilo City, Iloilo Province, Guimaras, Capiz and Bacolod City, Cebu City, Lapu-Lapu City, Danao City, Naga City, Toledo City, Cebu Province, Sultan Kudarat, Tacurong City, Davao City, Gen. Santos City and Koronadal City. We are confident that the schools here in Digos City will enjoy the show as much as all the other schools we visited before.

Thank you very much and more power!

Sincerely yours,

Mark Vincent G. Java

Vice- President for External Affairs
StreetMagic Club of Iloilo

Advantages

of the Magic of Science Show

1. The show provides effective visual illustrations of science concepts, thus children can understand the concepts better.
2. Since it is a live performance, children are more involved and they participate more actively. The show lasts for at least an hour.
3. Magic of Science is presented in a very creative manner. It encourages artistic expression and creative thinking.
4. We provide very interesting trivia about the lives of famous scientists and inventors.
5. Teachers can get some ideas on how to present science topics other than their usual classroom/laboratory presentation.
6. The show is a good way to open or end any science celebration because of its festive nature.
7. It is a good way for the school's science club to raise fund. 20% of the total revenue will go to the school's Science Club.
8. Our registration fee is very affordable (P20 only) and it's purely voluntary.
9. It is convenient for the schools since we will be providing for everything except the venue.
10. It is interesting, thus, easy to promote. Children are excited to watch the show, thus, objections are kept at the minimum.
11. We have an excellent track record in producing quality educational entertainment for children since 2013. We were able to perform in several District Science Camps and recently, performed for the delegates of the Western Visayas Regional Scilympics, held in Roxas City, Capiz.

What Science Educators Say About our Show

Thank you for sharing your gift of magic to 26 schools of the Division of Negros Occidental! More thank you for showing them that learning science is fun!

Dannie Clark Uguil- EPS (Science)
Division Negros Occidental

"Science-driven, explicitly amazing tricks.."

Johna P. Mana-ay- Science Coordinator,
Mina National High School

*"Thank you for the experience,
see you again next year.."*

Jessica Capampangan- Science Coordinator,
Nangka National High School,
Balamban, Cebu

"This is one of the avenues in enhancing student's knowledge in science in a more interesting and ingenious manner."

Dr. Mary Cherry Lynn Dalipe- EPS (Science)
Division of Aklan Province

"Thank you for bringing happiness to our students"

Malee Batoy- District Coordinator, Malay and
Boracay District

"Magic of Science makes science fun and interesting"

Mr. Ryan Catilo- District Science Coordinator,
Janiuay Iloilo

EXPLORE THE MAGICAL WORLD OF SCIENCE!

The Magic of Science

**SCHOOL
TOUR**

A Magic and Puppet Show

Know some little known facts about scientist, inventions and discoveries, important facts about Physics, Chemistry and the natural world.

**Learning
Science
has never
been this
fun!!!**

Show Schedule:

P20 only!

All we need
are the ff:

- *Scheduled Date
- *Sound System
- *Adequate Venue
- *At least 300 participants

20% of the shows
revenue will go to
the school or to your
Science Club Fund
