EDUCATOR'S LIFE CARE CONVERSATION, ARTSHOP AND PLAYSHOP CONFERENCE

Venue: GSIS Theater

Date: September 13, 14, 15, 2018

INTRODUCTION

Educators' lives are replete with narratives of dedicated service to students and the academic world. Their stories talk of challenges they face, and inspiration, greatness, and triumphs they gained at work and in their personal lives. All through their teaching years, they serve without hesitation and with unwavering commitment to change the life of every child to become useful and successful citizen of the world. Their passion for teaching has led them to stay in this profession for years until they reach their age of retirement. Indeed, teaching is one of the noblest profession.

Oftentimes, however, their contributions to the shaping of young hearts endings are left into oblivion. The folders of the future, especially those who are in the teaching ranks, often exit the academic world without due recognition. What happens to them when they journey to the next phase of their lives is no longer important as if the pensions are enough to compensate for their long years of dedicated service.

In the recognition of the long years of dedicated service, the Government Service and Insurance System (GSIS), Department of Education, and Metro Bank Foundation embarked on the program Educator's Life Care Conversation, ARTshop and Playshop, that aims to enhance their lifestyle management and relationships and help educators map the next phase of their journey through life as educators and as private citizens.

This 3-day meaningful gathering is, thus, proposed to begin the Process of Discovering the Self, Healing, Enhancing Inner Strength, and Transformation.

At the end of the 3-day program, the participants will be able to:

1. Enhance participants's knowledge, attitudes, skills and values towards realising and appreciating the true essence of educator's empowerment ;
2. Gather primary information on the present challenges, responses and inspirations through conversations, sharing, exchanges, and interactions through artshop and playshop;
3. Provide mechanisms on how to take care of educators' total well-being with creative learning experiences and lesson learned that will inspire them towards undertaking life changing and transformative activities;
4. Provide a venue where they can share their narratives and find commonality in their life activities;
5. Provide them with information and knowledge about self-care, valuing the self and Happiness;
6. Improve on teamwork and cooperation towards skilfully connecting to others; and
7. Conduct creative documentation of baseline data for future initiative.

PROGRAM OF ACTIVITIES

DAY 1. CELEBRATING EDUCATOR'S GREATNESS

Teachers hold the most esteemed and noblest profession, the shapers of our country's future. What kind of future our families, communities and country will have depends largely on what minds and hearts were shaped by our academic world. As such it is but fitting that we salute our teachers and welcome them with warm and festive celebration of life. For they have dedicated their lives for this sole purpose of teaching and giving themselves for the betterment of our children and families.

On this day, participants will wear Filipiniana-inspired attire which is usually worn during important occasions, because we are celebrating a momentous gathering of teachers, DepEd officials, public officials and servants and advocates. This is a gathering of oneness and interconnectivity amid diverse culture, background, beliefs, perspectives, interests, motivations, and strategies.

Our theme for Day 1 is "CELEBRATING EDUCATOR'S LOVE AND GREATNESS". This theme is dedicated to the thousands of teachers all over the country. Moreover, it is also our way of thanking them and honouring and celebrating their contributions to society and humanity.
