Ma'am:

Greetings in Christ's mighty name!

Christian Colleges of Southeast Asia has been operating for fifteen (15) years now, as such, the school has always been visiting the graduating students of public secondary schools in Region XI to promote its scholarship program. The school has been known for its unique offering of scholarships to graduating students. In fact, many student-recipients who enjoyed the said scholarship have successfully graduated in their fields of choice. This scholarship is funded/sponsored by a foreign philanthropist who has a big heart to extend help to the poor but deserving graduates of public secondary schools in Region XI.

For eleven years, CCSA has been offering scholarships to graduating students from public secondary schools in Region XI. This year we are happy again to announce that those graduating students from private and public secondary schools will be included in the scholarship offering funded by foreign philanthropist. It is our desire to visit and promote our scholarship grants to this year's senior high school graduating students in both the public and private schools in Davao region. It is our objective to help the students particularly those whose parents are not able to send them to college.

In this connection, we would like to ask permission from your good office to allow us to visit the different public and private schools in Davao region in accordance to our pre-planned schedule of visits to the schools. This school visit campaign will start on January 14, 2019 up to March 8, 2019. Our visitation will be conducted from Mondays to Fridays. Rest assured that we will coordinate with every school principal we come to visit for permission so as not to disrupt classes. These visits are not for the purpose of giving career guidance to students but rather to disseminate this scholarship opportunities to graduating students particularly to those with final average grades of 86% or higher. These deserving students can enjoy the 100% free tuition fees and substantial discounts on their miscellaneous fees.

Attached herewith is our letter duly received by the DepEd Regional Director's office addressed to Atty. Alberto T. Escobarte.

Your favorable support and positive response to our request will be greatly appreciated and would be of great help to the graduating senior high school students.

Thank you and more power.

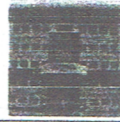

Respectfully yours,

ABE F. GIGARE

Sir:

Greetings in Christ's mighty name!

Christian Colleges of Southeast Asia has been operating for fifteen (15) years now, as such, the school has always been visiting the graduating students of public secondary schools in Region XI to promote its scholarship program. The school has been known for its unique offering of scholarships to graduating students. In fact, many student-recipients who enjoyed the said scholarship have successfully graduated in their fields of choice. This scholarship is funded/sponsored by a foreign philanthropist who has a big heart to extend help to the poor but deserving graduates of public secondary schools in Region XI.

For eleven years that the school has offering scholarships to graduating students from public secondary schools in Region XI, this year we are happy again to announce that those graduating students from private secondary schools will still be included in the scholarship offering funded by foreign philanthropist. This is now the second year that the private schools are included in the scholarship. Due to the implementation of the K to 12 program some students were forced to transfer from public to private schools during their senior high level due to lack of classroom facilities. Thus, it is our desire to visit and promote our scholarship grants to this year's senior high school graduating students in both the public and private schools in Davao City. It is our objective to help the students particularly those whose parents are not able to send them to college.

In this connection, we would like to ask permission from your good office to allow us to visit the different public and private schools in Davao City in accordance to our pre-planned schedule of visits to the schools. This school visit campaign will start on January 14, 2019 up to March 8, 2019. Our visitation will be conducted from Mondays to Fridays. Rest assured that we will coordinate with the Division Superintendents and ask permission from every school principal we will visit to avoid disruption of classes.

Your favorable support and positive response to our request will be greatly appreciated and would be of great help to the graduating senior high school students.

Thank you and more power.

Respectfully yours,
