Dear Madam :

Greetings! Learning is a never-ending process, that is why we have to continuously update our skills as administrators and educators in order to keep ourselves abreast with the trends and to further improve our respective craft.

PSHS has partnered with DOST, DepEd, NYPI and Temasek Foundation with the Innovations in Teaching and Learning STEM. As part of the PSHS' commitment, we are sharing their learning to selected partner schools through the #Talino bootcamp.

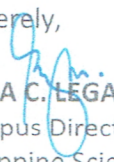

The program #Talino (teaching and learning innovations) boot camp is designed to help introduce new concepts and strategies to partner schools allowing the PSHS campuses to extend their expertise and help build up STEM education within their region. The program is designed as a boot camp where teachers do not only hear about but also experience problem-based learning and design thinking.

We would like to extend this invitation to two schools: one STEM School and one regular school in your Division. May we ask each of the schools to send their School Principal and four teachers (Biology, Chemistry, Physics and Technology) on July 5-8, 2019. Hotel, food and registration fee will be shouldered by PSHS. The participants are requested to come on July 4, 2019. First meal will be dinner at the Grand Men Seng Hotel, Magallanes St., Davao City on July 4.

If interested, please send the names of teachers and their emails to rochelle.papasin@smc.pshs.edu.ph. Once registered, we will send the participants pre-training guidelines/instructions thru email. For inquiries, you may get in touch with us.

Thank you for your support and we look forward to seeing your representatives!

Sincerely,

f. DELIA C. LEGASPIO
