CONSULATE GENERAL OF THE REPUBLIC OF INDONESIA
DAVAO CITY, PHILIPPINES

Davao City, August 19, 2019

No. 78C/KP/08/2019/04

Dr. Evelyn B. Fetalvero, CESO V
Regional Director
Department of Education XI
Torres St., Davao City

Dear Dr. Fetalvero,

First of all allow me to take this opportunity to express my sincere appreciation to the existing good relations and cooperation between the Consulate General of the Republic of Indonesia and Department of Education XI.

For the purpose of developing robotics and establishing international relations among ASEAN students, the Robotik 28 will be holding **ASEAN Robotic Day 2019** event with the theme "**Beneficial Technology for Urban Living**".

In connection with this, we are looking forward for your participation in this activity. The event will be held at:

Days : Thursday – Saturday
Date : **19-21 September 2019**
Venue : SMAN 28, Jakarta
Jl. Raya Ragunan No.33, RT.6/RW.7, Jati Padang, Kec. Ps. Minggu, 12540
Jakarta, Indonesia

Attached are the details, rundown of activities and prices on the event. This is open to all **elementary, junior and senior high school students only**. For further information, you may visit the website <https://www.aseanroboticday.org>.

Should you have any inquiries, you may contact us through **Mrs. Henny Mulyani**, Consul for Information and Socio-Cultural Affairs at: (082) 299-2930; mobile number **(+63) 927 9734791**; or **Mr. Geovani Mocodompis** at: **(+63) 917 1500 150**; or through email: kjridavaocity@gmail.com/ geovani_mc_eminet@yahoo.com.

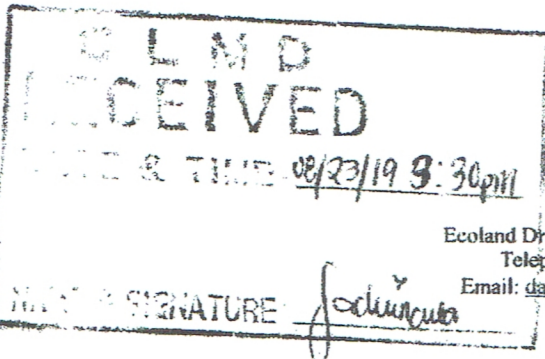

Thank you for your attention and cooperation.

Sincerely Yours,

4. Creative

The participants will compete to make the most creative robot to solve a problem within the given theme, which is 'urban', to present to the judges.

5. Underwater

The participants will use their robot to move an object (marble) in a body of water from one side to another.

6. ASV (Amphibious Solar Vehicle)

ASV is a robot capable to operate on land and water with solar energy. The fastest robot to reach the end of the track will be the winner.

D. Event Rundown

ASEAN Robotic Day 2019 will be held on:

Day : Thursday - Saturday

Date : 19th - 21st September 2019

Location : Opening : 28 High School, Jakarta

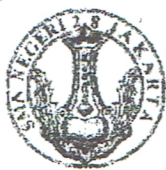

Competition : 28 High School, Jakarta, Gelanggang Olahraga Pasar Minggu

Closing : Plaza Insan Berprestasi, Gedung A Kemendikbud

Below is the rundown of our event:

BRIEF DESCRIPTION OF ASEAN ROBOTIC DAY 2019

A. Event Description

ASEAN Robotic Day 2019 is a regional robotics competition held by Robotik 28 by inviting students from elementary, middle school to high school from all of ASEAN, as a platform for robotics enthusiasts to come together and become a place to prove their ability through challenging competitions.

We hope to 450 participants from ASEAN member countries (Indonesia, Malaysia, Singapore, Philippines, Thailand, Laos, Cambodia, Brunei, Myanmar and Vietnam).

ASEAN Robotic Day 2019 is a special event because it is our first international level competition. Since 2010, our events have achieved an increasing rate of success every year. With the participation of Malaysia on Robotic Day 2017, we, Robotik 28, are honored by the Head of DKI Jakarta Education Office, to carry out Robotic Day 2019 into an ASEAN scale event. We are committed to take Robotic Day to the next level, to go international. Starting with Indonesia's closest neighboring countries, ASEAN.

With ASEAN Robotic Day 2019 we hope to:

1. Increase the fighting spirit of robotic enthusiasts in Indonesia, because they can compete with other countries without having to travel far.
2. Develop self-confidence in becoming part of an Asean-scale competition
3. Exchange knowledge in robotics with other participants
4. Build a strong Community of Robotics in ASEAN
5. Make SMAN 28 Jakarta a Robotic Centre for ASEAN.

B. Theme

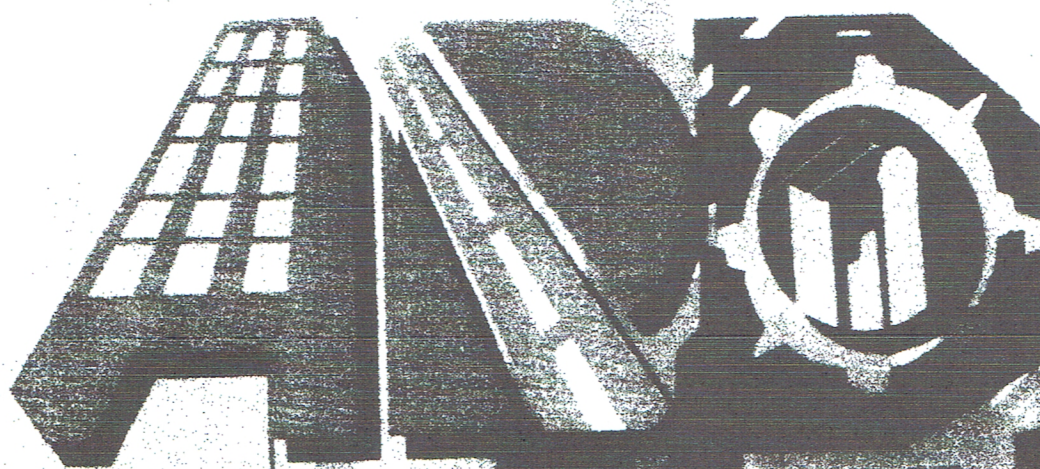

'Beneficial Technology for Urban Living', the theme we specifically issued for ASEAN Robotic Day, means 'Technology beneficial for urban life'. Southeast Asia today has experienced an increase in the level of urbanization. Many small cities are transformed into metropolitan cities with urban lifestyles. Many innovation opportunities are created as a result of urban activity and lifestyle, ASEAN Robotic Day is also an opportunity to develop urban life that is safer, more pleasant and more efficient.

C. Competitions

Below are the competitions in our event:

1. Maze Solving
The participant's robot will follow the lines in the arena, they will be given obstacles to pass such as broken lines, turns, junctions, etc.
2. Sumo
The participant's robot will push the opposing robot of another participant until one of them gets pushed out of the arena, this competition is divided into two types, autonomous for the senior category and RC (remote control) for the junior category.
3. Soccer
Four of the participant's robots will play a game of soccer two against two in the arena given by the committee.

Attachment : Proposal
RE : Invitation to the ASEAN Robotic Day 2019 Event

7th May 2019

To Whom It May Concern:

With due respect,

In purpose of developing robotics and establishing international relations among ASEAN students, Robotik 28 will be holding ASEAN Robotic Day 2019 event, with the theme "*Beneficial Technology for Urban Living*" which is a regional-level robotics competition.

In connection with this, we are looking forward for your participation in this activity. The event will held at:

Days : Thursday - Saturday
Date : 19th - 21st September 2019
Place : 28 Senior High School, Jakarta

Together with this letter, a brief description of our event is attached. For additional information and registration please visit our website www.ascanroboticday.org.

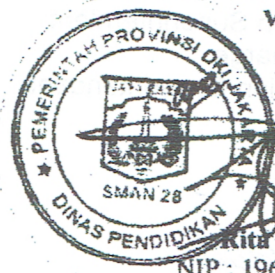

Thus we conveyed this invitation. Thank you for your attention and consideration.

Our Respects,

Student Council Pesident
