WINNIE E. BATOON

Superintendent

Department of Education - Digos City

Dear Maam Botoon:

Greetings!

The establishment of **Philippine Genome Center Mindanao Satellite Facility (PGC MSF)** in UP Mindanao aims to utilize omics research for scientific developments in the fields of health, ethnicity, agriculture, food safety and quality, environment, and biodiversity in Mindanao. As part of our objective to embark researchers, teachers, and students in Mindanao on an omics exploration, we will set the second Region-Wide Caravan in the region called **Region XI Caravan: Forum on "Bringing Cutting-Edge Research to Mindanao"**, to introduce our vision-mission and the field of omics technologies.

The event will be participated by State Universities and Colleges (SUCs), Higher Education Institutions (HEIs), Senior High Schools, private and public sectors, agencies and industries in the region. The event is scheduled on **October 14, 2019 from 8:00 AM to 4:00 PM** at the **UP Mindanao Atrium, Mintal, Davao City**.

In light of this, we would like to invite you to attend in the event. Also, we would like to request for endorsement to invite two (2) representatives preferably from the science department of each senior highschool in the entire Digos City to attend. Aside from being introduced to omics technologies, this will also be a great opportunity to discuss future collaboration with your institution.

We believe that your participation would greatly contribute to the success of this event. **Two (2) seats** are reserved from each senior highschool in Digos; please reply for confirmation on or before **October 8, 2019**. You may communicate with us via email at pgc.upmin@up.edu.ph, telephone at **(082) 293 0302** or mobile at **09263617552** and look for Janessa Villota.

Thank you very much!

Sincerely,

DR. LYRE ANNI E. MURAO
