**Subject: Invite Reading at the Frontline, No Child Left Behind Conference 2023
(FREE ADMISSION)**

Dear Dr. Allan,

Good day!

Greetings from Instant Reader™

Due to the recent report presented by Vice President and Department of Education Secretary Hon. Sarah Duterte-Carpio about the current state of Literacy amongst our students. For the past years, it shows that 9 out of 10 children in the Philippines at late primary age are not proficient in Reading, Science and Math. There has been an overwhelming learning crisis in low- and middle-income countries even before the Covid-19 pandemic. This report is truly a serious concern which calls for immediate action since reading is the foundation of learning. Our desire is to be of service to the community and to take part in DepEd's laudable initiatives in helping our students rise above this plight.

This prompted our team to boldly come up with conference on Reading Comprehension and Literacy entitled **Reading at the Frontline, No Child Left Behind** for academicians, school directors, principals, and teachers within Pasig and other parts of the Philippines to be conducted on **March 24, 2023 at Tanghalang Pasigueno**. And the good news is, we are now offering this conference for FREE! This conference will feature expert resource speakers who will tackle relevant topics related to the current state of reading education in the country and how our program, Instant Reader, can intentionally work together to eradicate this problem as one nation.
