**SCOPING STUDY ON ENGLISH AS A SUBJECT IN THE PHILIPPINES
OF BRITISH COUNCIL**

The scoping study on English in the Basic Education System (ESBE) is commissioned by the British Council, 'Country profiles: English as a subject in basic education (ESBE) in Cambodia, Laos, Indonesia, Malaysia, Myanmar, the **Philippines**, Thailand and Vietnam: Recommendations for policy and research'.

The purpose of the scoping study in the Philippines is to identify:

- needs and opportunities in English teaching, learning and education management in Grades K to 12;
- international and local organizations already working in this field;
- possible funding opportunities for future English programmes; and
- issues related to equality, diversity, and inclusion (EDI) where the British Council can make a difference.

In addition, the scoping study will take an English education systems approach in order to recommend sustainable interventions which includes analysis of:

- learner inequalities and systemic barriers to learning English;
- Department of Education priorities with specific reference to on-going curriculum reform;
- pre-service teacher training curricula and institutional capacity;
- English teacher recruitment, training and deployment in a devolved system;
- English module, textbook and teaching resources in relation to their internal quality, and the extent to which they support both curriculum reform and teacher capacity;
- formative and summative assessment for English including national assessments and teachers' assessment literacy;
- teachers' current proficiency in (a) inclusive, learner centered, task-based methodology, (b) English language, and (c) cross cutting (digital, 21st century) skills, and implications for pre- and in-service teacher education;
- quality assurance and support for continuing professional development (CPD) from school leaders and school district supervisors;
- the role of private schools in promoting ESBE, particularly those which benefit from Government Assistance to Teachers and Students in Private Education (GASTPE) system; and
