ALLAN G. FARNAZO

Director IV

Department of Education RO XI

F. Torres St., Davao City

Dear **Mr. Farnazo**:

Greetings in the name of faith and service!

The **Ateneo de Davao University's School of Engineering and Architecture (AddU-SEA)**, in its valiant pursuit of excellence and its commitment to uphold the university's vision and mission through the concrete display of character, skill, and expertise of its different engineering and architecture programs, including Architecture, Aerospace Engineering, Civil Engineering, Chemical Engineering, Computer Engineering, Electrical Engineering, Electronics Engineering, Industrial Engineering, Mechanical Engineering, and Robotics Engineering, seeks to conduct an event that would inspire basic education students to pursue undergraduate studies in engineering and architecture.

With this, AddU-SEA will be hosting its annual **SEA Fair 2025**, an event that will hold a wide variety of educational activities and competitions that are designed with the purpose of nudging students toward pursuing higher studies in engineering and architecture through an immersive and interactive experience.

This event will be spearheaded by the **Engineering and Architecture Student Executive Council (EASEC)**, a student-led organization of the AddU SEA that will be responsible for the event's planning, execution, and overall performance. We warmly extend our invitation to other schools in **Region XI** on **April 14-15, 2025**, at the **Abreeza Mall** to participate in the events as stated below:

Engineering and Architecture Student Executive Council School of Engineering and Architecture (SEA) Fair 2025 CONCEPT PAPER

Overview

Event Name:	School of Engineering and Architecture (SEA) Fair 2025
Date & Time:	April 11-12, 2025
Venue:	Ayala Malls Abreeza
Project Heads:	Alvin Parreño <i>SEA Fair 2025 Coordinator</i> Philip Jayson L. Lestojas <i>SEA Fair 2025 Assistant Coordinator</i>

Rationale

In today's fast-changing world, where technology and innovation shape our everyday lives, the School of Engineering and Architecture (SEA) Fair 2025 aims to inspire and create opportunities for students to grow and excel. Organized by the Engineering and Architecture Student Executive Council (AdDU EASEC) of Ateneo de Davao University, the fair reflects the University's mission to promote science, technology, research, and entrepreneurship in Mindanao. It's all about turning ideas into real, impactful solutions while encouraging creativity and collaboration.

The SEA Fair highlights the growing importance of engineers and architects as we tackle new challenges and design the future. By connecting students with professionals and showcasing innovative projects, the event helps bridge the gap between what is learned in school and how it can be applied in real life. Students will have the chance to explore new technologies, engage in meaningful conversations, and participate in activities that will broaden their understanding and ignite their passion for these fields.

More than just a showcase, the SEA Fair is a space for students, educators, and professionals to come together and share ideas. It's an opportunity to build relationships, learn from one another, and work toward a shared vision for a better

future. With the guidance and support of Ateneo de Davao University, this fair aims to inspire students to take bold steps in their journey to becoming engineers and architects who can make a real difference in society.

Objectives

- A. To organize activities that help students deepen their knowledge and skills in Engineering and Architecture.
- B. To support Ateneo de Davao University's mission by promoting science, technology, research, and entrepreneurship in Mindanao.
- C. To encourage high school and incoming college students to explore careers in Engineering and Architecture by showing them the exciting opportunities in these fields.
- D. To showcase the projects and research created by SEA students and provide a platform for collaboration and idea-sharing.
- E. To build a stronger sense of community among students, professionals, and educators in the SEA.

Success Indicators

- A. More high school and incoming college students express interest in pursuing Engineering and Architecture programs at Ateneo de Davao University.
- B. Increased participation and excitement from students during workshops, exhibits, and competitions at the fair.
- C. Positive feedback from attendees, with many saying the event inspired or encouraged them to explore Engineering and Architecture.
- D. Successful outreach to schools in Mindanao, with a good turnout of participants from different areas.
- E. EASEC officers and organizers effectively handle their roles and responsibilities, ensuring the event runs smoothly.
- F. High satisfaction ratings in participant surveys, showing that the event met its goals and provided a meaningful experience.
